BA Art, 2021
University of Reading

PROFILE

I am a UX Designer with over 4 years of experience designing and delivering bespoke, immersive mobile and web applications. I have worked across 25+ projects spanning diverse sectors including fintech, e-learning, travel technology and iGaming. I am confident working across a variety of development environments, from fast-paced startups to long term product evolution. I lead design efforts and collaborate closely with cross functional teams to bring user centred solutions to life.

PROFESSIONAL EXPERIENCE

AVAMAE Software Solutions, UX DESIGNER, MARCH 2022 – PRESENT

SELECTED PROJECT EXPERIENCE

CRAFTER EXPLORER TECHNOLOGY, DESIGN LEAD – Application for real-time command and control, mission planning and data visualization for unmanned surface vessels.
